What is Digital Marketing? ▾

Digital marketing is the use of online channels (search, social, email, content, ads, and analytics) to reach the right audience, generate leads/sales, and build brand trust in measurable ways.

What's the difference between SEO, SEM, SMM, SMO, ASO, and Local SEO? ▾

SEO: Rank organically in search engines.

SEM: Paid search ads (e.g., Google Ads).

SMM: Marketing via social platforms (organic + paid).

SMO: Optimizing profiles/content to improve social visibility.

ASO: App Store Optimization to improve app rankings.

Local SEO: Ranking in local searches/Maps via Google Business Profile and citations.

What is SEO? ▾

SEO (Search Engine Optimization) improves your website's technical health, content, and authority so it ranks higher for relevant keywords and drives free, compounding traffic.

What are the types of SEO? ▾

On-Page SEO: Keywords, titles, meta, internal links, content quality.

Off-Page SEO: Backlinks, digital PR, brand mentions.

Technical SEO: Site speed, indexing, sitemaps, Core Web Vitals, canonicalization, structured data.

How long does SEO take to show results? ▾

Expect early traction in 8–12 weeks and stronger growth in 4–6 months, depending on competition, content quality, and backlink velocity.

What is PPC? ▾

PPC (Pay-Per-Click) is an ad model where you pay when a user clicks—common on Google, Meta, LinkedIn. It delivers fast visibility and measurable ROI.

What is Google Ads? ▾

Google Ads lets you run Search, Display, YouTube, Performance Max, and Shopping campaigns to capture demand or create it across Google's network.

What is Conversion Rate Optimization (CRO)? ▾

CRO improves the percentage of visitors who take a desired action through better UX, copy, layouts, trust signals, and A/B testing.

What is Content Marketing? ▾

Creating valuable blogs, videos, guides, and tools that solve user problems, build authority, and drive organic traffic and leads.

What is Email Marketing? ▾

Using newsletters, automation, and targeted sequences to nurture relationships and increase repeat sales with high ROI at low cost.

What is Social Media Marketing? ▾

Building community and demand through platforms like Instagram, Facebook, YouTube, LinkedIn, and X via content + ads.

What is Influencer Marketing? ▾

Partnering with creators who have trust with your target audience to drive awareness and conversions via authentic content.

What is Affiliate Marketing? ▾

A performance model where partners promote your product and earn a commission on every qualified sale or lead.

What is a Marketing Funnel? ▾

A path from awareness → consideration → conversion → loyalty. Each stage needs tailored content and offers.

What is Lead Generation? ▾

Attracting and capturing contact details of interested prospects using gated content, ads, forms, chat, or calls.

What is a Landing Page? ▾

A focused page designed to convert traffic from a specific campaign using a single CTA and minimal distractions.

What is Remarketing/Retargeting? ▾

Showing ads to people who visited your site/app but didn't convert—nudging them back with tailored creatives.

What are marketing KPIs? ▾

Key Performance Indicators like traffic, CTR, CPC, CPL, CPA, ROAS, conversion rate, LTV, and churn that show progress toward goals.

What is GA4? ▾

Google Analytics 4 tracks events across web/app, focuses on user journeys, and provides attribution and predictive insights.

What is Google Search Console? ▾

A free tool to monitor indexing, fix SEO issues, submit sitemaps, and see queries, impressions, and clicks.

What is Local SEO and Google Business Profile? ▾

Optimizing for “near me” searches and Maps by improving your Business Profile, reviews, NAP consistency, and local content.

What are backlinks? ▾

Links from other websites to yours—signals of authority that can improve rankings when relevant and earned naturally.

What is Domain Authority/Page Authority? ▾

Third-party proxy metrics (by Moz) that estimate ranking potential. Useful for comparison, not a Google metric.

What is Keyword Research? ▾

Discovering queries your audience uses, grouping by intent, and prioritizing terms by volume, difficulty, and business value.

What are long-tail keywords? ▾

Specific, lower-volume phrases with higher intent and lower competition that often convert better.

What's an On-Page SEO checklist? ▾

Title, H1–H3, meta description, URL, internal links, alt text, media optimization, topical depth, and helpful content.

What's a Technical SEO checklist? ▾

Crawlability, indexing, Core Web Vitals, HTTPS, canonical tags, schema, XML sitemap, robots.txt, pagination, hreflang if needed.

What is robots.txt? ▾

A file that gives crawling instructions to search bots. It doesn't guarantee blocking from indexing—use noindex for that.

What is an XML Sitemap? ▾

A structured list of important URLs that helps search engines discover and index your content efficiently.

What is a canonical tag? ▾

A hint telling search engines which URL is the primary version when similar/duplicate pages exist.

What is Schema Markup (Structured Data)? ▾

Code that helps search engines understand your content and enables rich results like FAQs, ratings, and breadcrumbs.

What are Core Web Vitals and page speed? ▾

Metrics (loading, interactivity, visual stability) that impact UX and rankings. Optimize images, code, and server response.

What is E-E-A-T? ▾

Experience, Expertise, Authoritativeness, Trust. Demonstrate credentials, author bios, citations, and real-world proof.

What is A/B testing? ▾

Comparing two versions of a page/ad/creative to see which performs better for a defined goal using statistical significance.

What are UTM parameters? ▾

Tagged query strings (source, medium, campaign, etc.) that help attribute traffic and conversions in analytics.

What is CPL, CPA, and ROAS? ▾

CPL: Cost per lead. **CPA:** Cost per acquisition. **ROAS:** Revenue ÷ ad spend. Track all to judge profitability.

What is CTR, CPC, and CPM? ▾

CTR: Click-through rate. **CPC:** Cost per click. **CPM:** Cost per 1,000 impressions—useful for reach.

What is marketing automation? ▾

Using tools to run triggered emails, lead scoring, chatbots, and workflows at scale without manual effort.

What is Online Reputation Management (ORM)? ▾

Monitoring and improving brand perception through reviews, responses, PR, and search results management.

How is AI used in digital marketing? ▾

For research, content drafts, ad ideas, predictive audiences, personalization, and insights—always guided by human strategy.

What is the typical course duration? ▾

Generally, digital marketing courses run for **2–6 months** depending on depth and practice hours. Our Advantage We offer a comprehensive **8-month program** with deeper modules and extended hands-on projects for stronger portfolios.

Who can join this course? ▾

Students, fresh graduates, job seekers, working professionals, entrepreneurs, freelancers, and homemakers. Our Advantage We personalize tracks for each profile (placement, freelance, or business growth) from Week 1.

Do I need coding knowledge? ▾

No. Basic computer skills are enough. Our Advantage We teach no-code website building (WordPress/Shopify) plus essential HTML basics to boost employability.

Which tools will I learn? ▾

Keyword tools, GA4, GSC, Google Ads, Meta Ads, LinkedIn Ads, email automation, heatmaps, page builders, and AI assistants. Our Advantage Paid tool demos + lifetime free-tool stack and templates you can reuse.

Will I work on live projects or internships? ▾

Yes—live campaigns and websites make learning practical. Our Advantage Guaranteed **live projects** every module + internship-style tasks so you graduate job-ready.

Do you provide certifications? ▾

Yes, module-wise and final certifications. Our Advantage We also prep you for Google/Meta credentials and attach verified proof to your LinkedIn.

What salary can a fresher expect after this course? ▾

Freshers usually start from **₹15,000–₹35,000/month**. With experience, salaries can grow to **₹50,000–₹1,50,000+/month**. Our Advantage Our students commonly start around **₹45,000/month** because of deeper practice, strong portfolios, and interview training.

Is the course online, offline, or hybrid? ▾

Flexible delivery. Our Advantage Choose **hybrid** with weekend labs in Delhi + recorded backups so you never miss progress.

What is the batch size and mentorship style? ▾

We keep batches small to ensure attention. Our Advantage **Small cohorts + 1:1 mentorship** checkpoints and weekly doubt-clearing pods.

Do you provide lifetime doubt support? ▾

Support continues after classes. Our Advantage Lifetime access to Q&A community, revision bootcamps, and updated resources.

What are the fees and EMI options? ▾

Fees depend on track and add-ons. Our Advantage Transparent pricing with easy **EMI** options and scholarships for meritorious students.

How is this course better than others? ▾

Our Advantage 8-month depth, live campaigns, 1:1 feedback, portfolio building, interview prep, and real client simulations—so you learn by doing.

Will you help build my portfolio and LinkedIn? ▾

Yes. Our Advantage Finished assets include case studies, dashboards, ad creatives, SEO reports, and a polished LinkedIn/Resume.

Do you cover AI tools and workflows? ▾

Yes. Our Advantage Advanced AI prompts, ad & SEO accelerators, and guardrails to keep output original and on-brand.

Can I learn freelancing and client acquisition? ▾

Yes. Our Advantage Templates for proposals, pricing, contracts, and discovery calls + first-client playbook.

Do you provide interview preparation and resume reviews? ▾

Yes. Our Advantage Mock interviews, HR/technical question banks, and ATS-friendly resume makeovers.

What is the admission process? ▾

Simple: counseling → track selection → enrollment → orientation. Our Advantage Free skill-gap audit so your learning plan is custom from day one.

Will I get recorded sessions? ▾

Yes. Our Advantage Lifetime access to updated recordings, notes, checklists, and templates.

What projects will I complete? ▾

Full SEO audit & implementation, live ad campaigns, CRO tests, email automation, and a WordPress site build. Our Advantage Minimum 6 capstones + 1 real client simulation with reporting.

Do you offer post-course career and community support? ▾

Yes. Our Advantage Alumni job board, freelance leads, monthly masterclasses, and ongoing mentorship to keep you growing.
